

Halloween Contest

Charlie Delgado arranged to have a contest for Halloween covers this year with an earlier deadline for entries than in the past. The reason for doing so was to be able show them in the October newsletter, which makes them more timely.

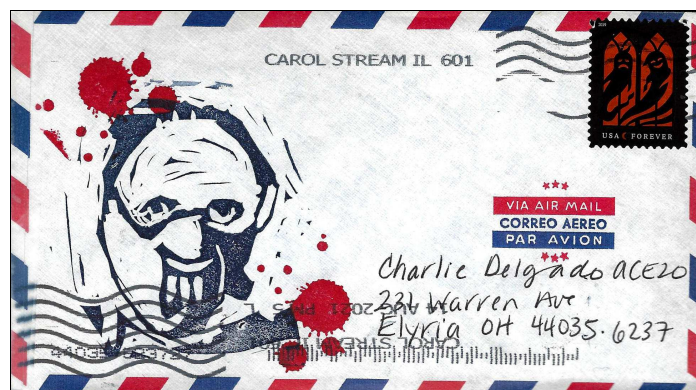

All the covers will be mounted on pages with clear protectors and be given to the Bombard's to be placed in the ACE archives which they maintain.

The new tattoo shop I deal with is named "Raven's Ink". So I took these 4 covers, to the copy shop to have one color copy made, and gave it to the owner recently. She was excited to see the stamp of course. She put the sheet in the glass display case, and said she'll get a frame for it soon, to hang on the wall.
