VOL 1

APRIL 1986

NO 6

As this is April 7th and not April's Fool's Day, we are sending out our regular ACE Newsletter. We were not the only newspaper to recognize April 1st as Fool's Day. The Miami Herald had the following front page story. Read it and laugh!

## The shocking tale of Halley's comet!

By DAVE BARRY  
*Herald Columnist*

In an unprecedented statement, leading astronomers from around the world admitted today they had misjudged the location of Halley's comet, which they now say will not arrive in the solar system for another six years.

"As far as we have been able to determine," explained Britain's Royal Astronomer, Sir Nigel Wraith-Vestibule IV, "everybody assumed that everybody else had done the actual calculations, when in fact nobody had."

The notion that the comet would be here this year, he said, "appears to be based entirely on an article from a 1981 issue of a supermarket tabloid called The Sun, which also had a story claiming Cher had married Defense Secretary Caspar Weinberger on the Lost Continent of Atlantis."

Wraith-Vestibule added that the many reported "sightings" of the comet probably had some other simple explanation, such as people were seeing "swamp gas, weather balloons or space vehicles from other galaxies."

Reagan administration officials, contacted about the astronomers' shocking admission, refused to comment on the grounds that The Miami Herald made this whole thing up. April Fool.

### A LANGUAGE OF OUR OWN?????

ACER, Kenneth Jenkins, #17, sent in the following definitions:

ACER: member of ACE

NACER: one who does not exchange covers

ACEING: sending covers from coast to coast

We welcome any other ACER'S to send in a definition of their own...who knows we may have a brand new vocabulary starting up.

Thanks, Ken, for a cute idea, you get our stamp of approval!

The following items were sent in by ACE# 20, Charlie Delgado. Thanks once again, Charlie, for making our newsletter more interesting and exciting.

### "TROMPE L'OEIL"

In the past months of being in ACE, I've sent out many covers using a style of art called "TROMPE L'OEIL". This is a French word meaning "deceiving to the eye". The object is to portray the subject as if it were coming out of the envelope, forming a ragged hole in the process. Examples of this type of art can be found in the "American Illustrated Cover Catalogue". Businesses in the 1800 and 1900's used this type of art on their stationary, sometimes to show their product or get the attention of the addressee.

### "UKIYOE"

Recently several of my covers have shown Oriental women...Japanese to be exact. This style is called "UKIYOE"...meaning "picture of the floating world". It was one of the most important schools of art of the EDO period in Japan. The first works to be done in this style of art showed gorgeously dressed figures, usually women of the lower class, performing commonplace tasks or pleasures. Hishikawa Moronobu is generally accredited as the first master of UKIYOE. This style of art has flourished since the 17th century.

Below are two examples of Charlie's styles:

GETTING TO KNOW YOU

(THE FAMILY OF LEONARD J. TURLEY)

EDITH T. MEDLEY - DAUGHTER

Edith is ACE #2 and lives in Miami, Florida with her husband SAM. She loves beach combing and collects post cards. After raising a family of six children to adulthood, SAM and Edith spend a lot of time on the road visiting family and friends.

RICHARD TURLEY - BROTHER

ACE # 5 is the youngest brother of Leonard J. Turley and lives on Longboat Key with his wife BETTY. He and Betty enjoy the many activities available to Florida residents. Boating and fishing are two of his favorite hobbies.

DIXIE GLESSNER - GRAND DAUGHTER

ACE #4 is better known as Secretary and Editor of our newsletter. She and husband DON live in Central Florida and work as partners in their own business. When Dixie isn't involved in ACE work she can be found curled up with a good book in her den. They have two children CHRIS, and DONNIE who is also in the family business.

ANN LAIRD - GRAND DAUGHTER

ACE #3 will be (when you get this newsletter) in Germany with her husband DALE, an ARMY SGT. and their son STEVEN MEADOR. Ann does beautiful pen and ink sketches and is a nature lover, supporting many conservation projects.

TOM MEDLEY - GRANDSON

ACE # 7 has been in veterinary medicine for over ten years, but has recently left the field to pursue other interests. He cannot be as active as he would like, but gives the rest of us a lot of moral and financial support. Tom has two children, FREDDY and MICHELE.

MARTHA MEDLEY LINGANE - GRAND DAUGHTER

ACE # 13 recently married JAY and is still enjoying a honeymoon. She is a screen printer by trade and a loving mother to SAMANTHA. She enlivens our family gatherings and everyone loves "little Miffy".

MARK MEDLEY - GRANDSON

ACE #22 became interested in stamp collecting as a child when his Grandfather gave him and TOM stamp albums. He owns a tug boat for pleasure and he and JANE his First Mate spend a lot of time on the intercoastal waterways.

CHRIS GLESSNER - GREAT GRANDCHILD

ACE # 1. We give credit and honor to Chris as she is responsible for today's ACE. It was her idea to reorganize and start this club.

CHRIS is a very busy high school junior.

OTHER GRAND CHILDREN (GREAT)

MICHELE MEDLEY, ACE #8 is a junior member six years old.

FREDDY MEDLEY, ACE # 9 is a junior member, ten years old.

STEVEN MEADOR, ACE #10 is a junior member, six years old.

ANGELA HAUN - GREAT NIECE

Angela, ACE # 6 is RICHARD TURLEY'S grand daughter. She is also a sixteen year old high school student and is rather limited with time but finds time during vacations and holidays to send out nice covers.

This is just a thumbnail sketch of all of the ACE Members who were related to our founder. Mr. Turley has two other daughters and several other living relatives. We hope in time that they too can become a part of the Art Cover Exchange.

The following puzzle was sent in by that Crazy Islander of Hispanico, Gonzalo "Charlie" Delgado, ACE # 20. Thanks again, Charlie!
